How to RSVP for an event within ScoutBook Plus

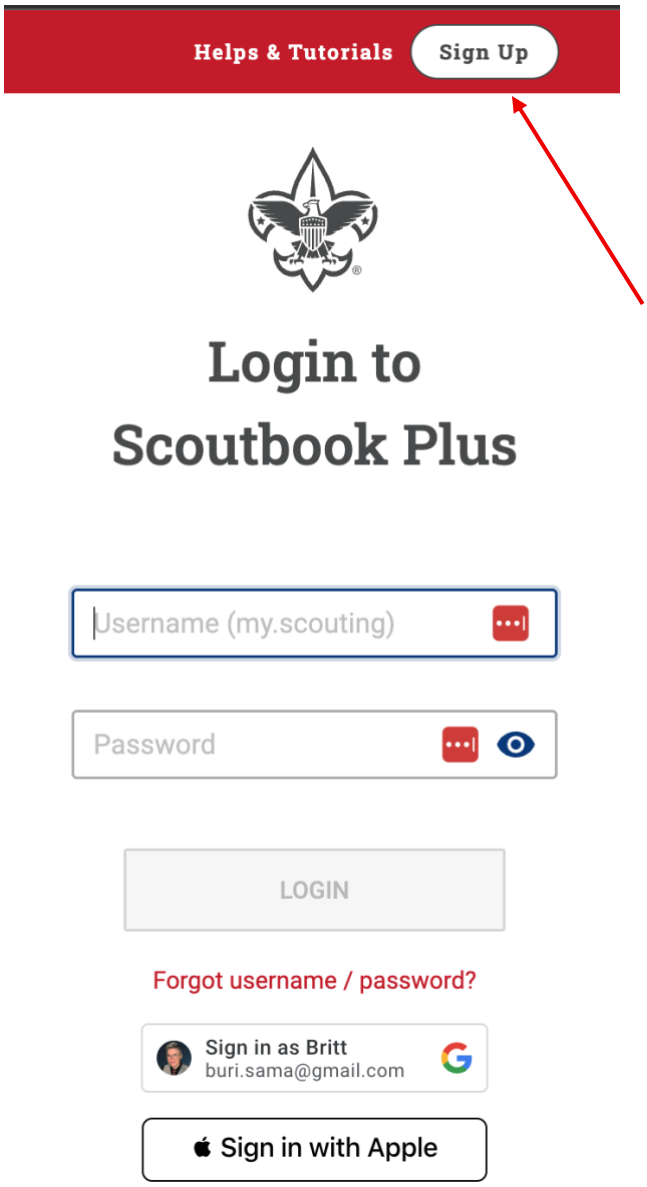

You should have gotten an e-mail from ScoutBook, which should look something like this:

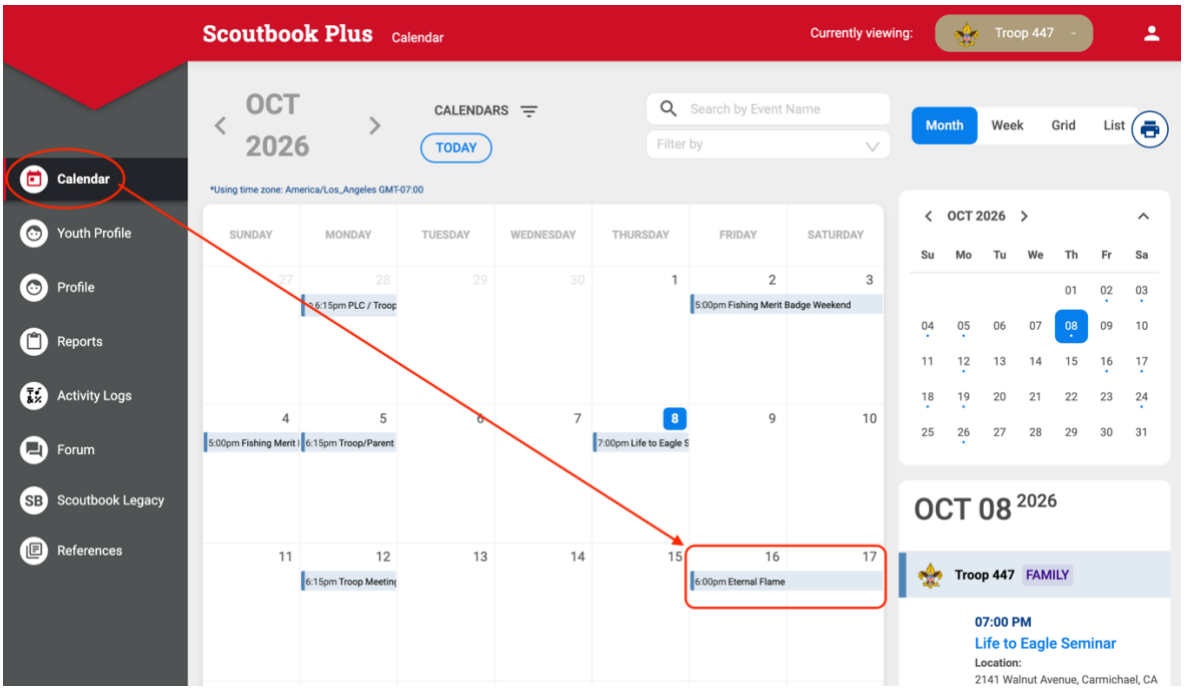

To be taken directly to the event page, you can click the URL embedded in the e-mail, as seen above.

Alternatively, you can go directly to advancements.scouting.org

If you haven't already, you'll want to create an account for yourself within Scoutbook. You can do that using the "Sign Up" button at the top right. Otherwise, sign in using your method of choice.

Once logged in, if not taken directly to the event, you can click the “calendar” icon on the left navigation bar. Once on the calendar page, select the event you are interested in RSVP’ing for

Once you are within the event page, on the righthand side, you can RSVP for yourself (green circle), and your Scout (red circles). You might have to expand the top drop-down “My Youth Connection” to see your Scout's name, then click the appropriate response choice.
